Please be on time for Classes so we can keep on Schedule. If you have special needs of any kind please make us aware of them before classes begin so we may be accommodating.

On Saturday we will be walking from the Garden Council grounds across the street to the Edison, Ford Museum. This portion of Instruction is necessary for completion of the course. We will be walking the grounds and standing for a time. Wear comfortable footwear and be mindful of the weather.

We look forward to meeting you and sharing this wonderful opportunity to learn more about our environment, surroundings and how to protect and beautify them.
